Dear Social Education pre-service teacher,

The Social Education Association of Australia is a professional association of teacher educators, teachers, educators involved in Education departments, publishers, non-government organisations, and others. SEAA provides a national voice, advocacy for Social education, a quality peer refereed journal encouraging debate and scholarly work, and regular SEAA Updates, so educators are informed about new developments and news in our field.

We would like to offer you SEAA **email** membership, resources, services and publications to you free of charge from now until end 2011. You will receive the SEAA newsletter and journal as PDF files. Our next *Social Educator* journal provides lots of debate about the national curriculum, so should be useful in your courses.

We hope this initial membership will encourage and support you, and allow you to see the benefits of our professional association!

If you would like to join please email Judy Moore at seaa@sev.asn.au Make sure you include your name, your university, which course you are enrolled in, your mobile number and your email (one which you will continue to use when your course is finished)

We wish you well in your studies and welcome you to SEAA.

Kind regards,

Dr Ruth Reynolds,
President
